

## **Suffolk County One-Stop Employment Center**

### **MISSION STATEMENT**

Suffolk County is committed to providing a fully integrated One-Stop Center designed to help employers meet their workforce needs and help unemployed, underemployed and emerging workers attain the skills they need to access, and advance within the workplace.

By utilizing partnerships with local community, business and government entities, we strive to offer our customers centralized access to the broadest possible range of quality career-related information and services.

#### **The Center shall foster an environment where:**

Customers are empowered to manage their careers by making informed choices

Employers receive access to the best and most current labor market information, and access to services most appropriate to their local industry needs

A continuous improvement system is utilized to ensure that employers and job seekers alike receive the highest quality services available.

## POWER

**Partnership Opportunities With Workforce Employment Resources (POWER)** is a collaborative effort of the Suffolk County Workforce Investment Board (WIB), the NY State Office of Vocational and Educational Services for Individuals with Disabilities (VESID), and Abilities, Inc., designed to assist people with disabilities in accessing employment services through the Suffolk County One-Stop Employment Center.

The goal of Project POWER is to educate local residents with disabilities about resources available in the community to enhance their ability to find employment and assist One-Stop staff and vendors in providing services to all potential customers.

Two Disability Program Navigators are available at the One-Stop Centers in Hauppauge and Riverhead to provide guidance to customers with disabilities, community organizations and employers.
